Child Care Training Opportunity! CREATING PROFESSIONAL PARENT & STAFF HANDBOOKS

Build clear, effective handbooks that align your vision, support your team, and guide families with confidence.

This workshop will guide you in creating staff and parent handbooks that reflect your program's vision and support compliance with legal requirements. You'll receive the tools needed to clearly communicate enrollment and hiring expectations to families and staff. Ideal for both new programs and established ones looking to review and update their materials.

Learn how to thoughtfully reflect on your program and create a parent handbook that clearly communicates your vision and provides all essential enrollment information

Gain the skills to develop a comprehensive staff handbook that promotes team success and aligns with your performance evaluation process
